BOARD MEETING

December 15, 2022

**REGULAR BOARD MEETING
AGENDA
TRI-DAM PROJECT
of THE OAKDALE IRRIGATION DISTRICT and
THE SOUTH SAN JOAQUIN IRRIGATION DISTRICT
DECEMBER 15, 2022
9:00 A.M.**

**South San Joaquin Irrigation District
11011 Highway 120
Manteca, CA 95366**

*** SEE BELOW FOR INSTRUCTIONS REGARDING PUBLIC COMMENT AND
PARTICIPATION**

NOTICE: Coronavirus (COVID-19)

A COMPLETE COPY OF THE AGENDA PACKET WILL BE AVAILABLE ON THE OAKDALE IRRIGATION DISTRICT WEB SITE (www.oakdaleirrigation.com) ON MONDAY, DECEMBER 12, 2022 AT 9:00 A.M. ALL WRITINGS THAT ARE PUBLIC RECORDS AND RELATE TO AN AGENDA ITEM WHICH ARE DISTRIBUTED TO A MAJORITY OF THE BOARD OF DIRECTORS LESS THAN 72 HOURS PRIOR TO THE MEETING NOTICED ABOVE WILL BE MADE AVAILABLE ON THE OAKDALE IRRIGATION DISTRICT WEB SITE (www.oakdaleirrigation.com).

**INFORMATION FOR MEETING DURING CONTINUED PROCLAIMED STATE OF
EMERGENCY**

(Effective 3/27/2020 – until further notice):

Pursuant to California Governor Gavin Newsom's Executive Order N-29-20, a local legislative body is authorized to hold public meetings via teleconferencing and to make public meetings accessible telephonically or otherwise electronically to all members of the public who wish to participate and to provide public comment to the local legislative body during the current health emergency. The Tri-Dam Project and Tri-Dam Power Authority Board of Directors (Tri-Dam Directors) will adhere to and implement the provisions of the Governor's Executive Order related to the Brown Act and the utilization of technology to facilitate participation.

*The location of the Tri-Dam meeting will be at the office of the South San Joaquin Irrigation District, 11011 Highway 120, Manteca. This facility is open to the public for meeting attendance, but seating is limited to maintain social distancing.

Members of the public who wish to participate, listen to, and provide comment on agenda items remotely can do so by clicking <https://ssjid.zoom.us/j/98120276218?pwd=ZzZ0dkxhMGN4TFd2d2poZGhJemVvdz09> or by calling (669) 900-9128, then entering Meeting ID: 981-2027-6218, password 700546. All speakers commenting on Agenda Items are limited to five (5) minutes.

Members of the public may also submit public comments in advance by e-mailing dbarney@ssjid.com by 4:30 p.m., Wednesday, December 14, 2022.

In addition to the conditions set forth above, the Tri-Dam Directors will use sound discretion and make reasonable efforts to adhere as closely as reasonably possible to the provisions of the Brown Act, and other applicable local laws regulating the conduct of public meetings.

In compliance with the Americans with Disabilities Act, a person requiring an accommodation, auxiliary aid, or service to participate in this meeting should contact the Executive Assistant at (209) 249-4623, as far in advance as possible but no later than 24 hours before the scheduled event. Best efforts will be made to fulfill the request.

CALL TO ORDER

PLEDGE OF ALLEGIANCE

ROLL CALL: John Holbrook, Dave Kamper, David Roos, Glenn Spyksma, Mike Weststeyn

No public comment.

CONSENT CALENDAR

- ITEM #1 Approve the regular board meeting minutes of October 20, 2022.**
- ITEM #2 Approve the October statement of obligations.**
- ITEM #3 Approve the Financial Statements for the seven months ending September 30, 2022.**

Director Doornenbal noted a correction in the October minutes. Directors DeBoer and Doornenbal both voted no on item 6 Cyber Security Locks.

Director Santos moved to approve items one through three on the consent calendar with the noted corrections. Director Weststeyn seconded the motion.

The motion passed by the following roll call vote:

AYES: Orvis, Doornenbal, Santos, Tobias, Holmes, Kamper, Spyksma, Weststeyn

NOES: None

ABSTAINING: None

ABSENT: DeBoer, Holbrook

Jeff Shields requested to take Item #10 out of order.

ACTION CALENDAR

ITEM #10 Discussion regarding the Power Purchase agreement process in negotiation.

Jeff Shields and Kevin Coffee, Z-Global, presented the quotes for the power purchase agreement.

ITEM #4 Review and possible action approve holiday time off between Christmas and New Year's for all Tri-Dam employees.

Jeff Shields recommended providing paid days off between Christmas and New Year's Day for all Tri-Dam employees, which will result in 3-4 days, depending on each employee's work week. Staff unable to utilize the time off on those designated days will have until March 31, 2023 to use the time. If not used by that date, it will roll over into their vacation accrual balance to use at a later date.

Director Tobias moved to approve the time off as presented. Director Weststeyn seconded the motion.

The motion passed by the following roll call vote:

AYES: Orvis, Santos, Tobias, Holmes, Kamper, Spyksma, Weststeyn

NOES: Doornenbal

ABSTAINING: None

ABSENT: DeBoer, Holbrook

ITEM #5 Review and possible action to approve of the Associated California Water Agencies Annual 2023 Membership Dues.

Director Kamper moved to approve as presented. Director Tobias seconded the motion.

The motion passed by the following roll call vote:

AYES: Orvis, Doornenbal, Santos, Tobias, Holmes, Kamper, Spyksma, Weststeyn

NOES: None

ABSTAINING: None

ABSENT: DeBoer, Holbrook

ITEM #6 Review and possible action to approve the purchase of a milling machine and corresponding budget amendment.

Jeff Shields presented and advised that no budget amendment would be needed due to a 3 – 6 month lead time.

Director Holmes moved to approve as presented. Director Santos seconded the motion.

The motion failed by the following roll call vote:

AYES: Santos, Holmes, Kamper

NOES: Orvis, Doornenbal, Tobias, Spyksma, Weststeyn

ABSTAINING: None

ABSENT: DeBoer, Holbrook

DISCUSSION

ITEM #7 2022 IBEW Incentive Program.

Jeff Shields presented the current hours of downtime and advised that staff is expected to receive the full amount of this program and noted Beardsley is scheduled to come back online November 30th.

ITEM #8 Canyon Tunnel Update Presentation – 90% Design Proposal.

Forrest Killingsworth and Scott Lewis, Provost and Prichard Engineering, provided an update on the canyon tunnel project and estimated March 2025 start date and close out in March 2028.

ITEM #9 Discussion regarding the 1988 Agreement Conservation Accounting – *to be presented at the meeting.*

Brandon Nakagawa presented a summary of the District's Conservation Account for Water Year 2023 and advised staff would prepare an amended agreement for consideration at each District's respective regular board meeting.

ITEM #11 Discussion of the 2023 Draft Budget – *to be presented at the meeting.*

After a brief discussion the Board decided it was not necessary to hold an advisory meeting before the December regular meeting. Director Spyksma requested a priority list of capital items.

Communications

ITEM #12 Staff Reports:

- A. Interim General Manager, Jeff Shields
 - Jeff advised he had four matters for closed session.
- B. Operations and Maintenance Manager, Chris Tuggle
 - Nothing more to add than what's reported.
- C. License Compliance Coordinator, Susan Larson
 - Susan Larson provided updates on Hells Half Acre, Tulloch Spillway Road, and Beardsley MOA for Data Recovery.

ITEM #13 Generation Report

No report.

ITEM #14 Fisheries Studies on the Lower Stanislaus River

No report.

ITEM #15 Directors Comments

Director Holmes, thanked everyone for the last twelve years.
Directors Weststeyn, Orvis and Doornenbal, we still have lots to be thankful for.
Director Santos, Bob you have been a tremendous asset to SSJID.
Director Tobias, it's been a challenging year and thanked Jeff, Sharon and staff.

President Orvis recessed to the Tri-Dam Power Authority Board of Commissioners meeting at 11:18 a.m.

The Tri-Dam Project meeting resumed at 11:19 a.m. after the Tri-Dam Power Authority meeting adjourned.

President Orvis announced before closed session that the following items would be discussed.
The Board took a brief recess at 11:22 a.m. and convened to Closed Session at 11:30 a.m.

ITEM #16 Closed Session

18. a. CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION
Government Code § 54956.9(d)(1)
1. *SJTA v. State Water Resources Control Board*
Judicial Council Coordination Proceeding 5013

BOARD AGENDA REPORT

Date: 12/15/2022
Staff: Sharon Cisneros

SUBJECT: Tri-Dam Project Financial Statements for the Ten Months ending October 31, 2022

RECOMMENDED ACTION: Approve the Financial Statements for the Ten Months ending October 31, 2022

BACKGROUND AND/OR HISTORY:

As of the financial statement date of October 31, 2022, the Tri-Dam Project (TDP) cash and investments increased by \$3.6M combined over the prior year due primarily to the increase in Power sales over the prior year and offset by an increase in expenses and investment losses.

TDP has realized 94% of its annual budgeted operating revenues for 2022, and utilized 70% of its budgeted operating expenses.

Further details are available in the attachments.

FISCAL IMPACT: none

ATTACHMENTS: Financial Statements 10/31/22 (unaudited)

BOARD AGENDA REPORT

Date: 12/15/2022
Staff: Sharon Cisneros

SUBJECT: FISHBIO Contract Budget and Scope of Work for 2023

RECOMMENDED ACTION: Discussion and possible action to approve the funding for 2023 to Contract with FISHBIO, Inc. and authorize the General Manager to execute the 2023 Amendment to Professional Services Agreement 2021-PSA-1216

BACKGROUND AND/OR HISTORY:

As part of the 2021 Tri-Dam budget process, we asked FishBio to provide a scaled down scope of work and budget for 2021 and future years. A summary of the recent annual funding is as follows:

2020	\$1,750,000
2021	825,000
2022	775,000

FISHBIO has requested funding of \$775,000 for 2023 for the same scope of services as approved in the 2022 contract, attached as Exhibit B.

The attached Stanislaus fall-run Chinook stock-recruit analysis memo, attached as Exhibit A, requests additional funding of \$195,000 to develop stock-recruit models, run simulations, develop a comprehensive report, and a manuscript for publication.

The total contract request of \$970,000 is included in the 2023 Proposed Budget later in this agenda.

Staff is also requesting that the board authorize the General Manager to execute the contract for the approved amount and scope of service.

FISCAL IMPACT: \$970,000

ATTACHMENTS: Exhibit A - Stanislaus fall-run Chinook stock-recruit analysis memo

DATE: October 19, 2022
SUBJECT: Stanislaus fall-run Chinook stock-recruit analysis

Background

In 2019, the State Water Resources Control Board (SWRCB) called for the creation of an advisory panel, which was tasked with recommending methods for formulating biological goals related to the objectives of the Bay-Delta Plan. The panel's report to the SWRCB (Dahm et al. 2019) included a chapter with recommendations for setting goals for salmon and steelhead. Their key recommendation called for the use of a fisheries stock-recruit model to better understand the drivers of productivity of salmon populations, in addition to monitoring abundance. Using data on the number of adults returning to spawn (i.e., stock) and the number of offspring surviving to a point in time (i.e., recruits), a stock-recruit model describes the relationship between stock, the predictor variable, and recruits, the response variable. The curve of this relationship approximates the intrinsic productivity of a population accounting for density-dependent effects. The report details a statistical framework that allows for environmental data (discharge, temperature, etc.) to be included as additional predictor variables (i.e., covariates) to further refine the stock-recruit relationship and increase its predictive capabilities.

Dr. Josh Korman (Ecometric Research LTD) developed a preliminary example applying the approach to weir and rotary screw trap data collected on the Stanislaus River to demonstrate how the approach can be used to evaluate management actions based on a specific biological goal for salmon and steelhead management. Recommendations as to how this cursory analysis of the weir and Oakdale RST data could be extended were provided in the panel's report, but the SWRCB chose not to proceed as recommended. Instead, they started from scratch with a cursory analysis of juvenile data from Caswell in defense of their draft biological goals - not for informing development of relevant and achievable goals as recommended by the ISAP.

FISHBIO has recently published peer-reviewed research papers using the two datasets that were used in the stock-recruit example. Peterson et al. (2017) analyzed the fall-run escapement data to assess the influence of fall pulse flows on daily passage at the Stanislaus weir. Pilger et al. (2019) found that the juvenile fall-run abundance estimates at the Oakdale rotary screw trap were robust. Building on these previous publications using fall-run Chinook salmon data from the Stanislaus River, we feel that the next logical step is to combine these two datasets using stock-recruit covariate framework to further investigate fall-run population dynamics and limiting factors on the Stanislaus River.

Scope of Work

We intend to collaborate with Dr. Korman to further develop the stock-recruit covariate analysis presented in Dahm et al. (2019). Dr. Korman is an adjunct professor at the University of British Columbia Institute of Oceans and Fisheries and the president of Ecometric Research Inc. As a fisheries ecologist and modeler, he has 28 years of experience studying the effects of harvest on exploited populations, the effects of dams on fish populations, and developing novel approaches to the analysis of ecological data. Because he was tasked by the panel to provide a working example of the statistical framework, he is an ideal collaborator for this project.

FISHBIO will develop a series of hypotheses that will be evaluated using stock-recruit models developed by Dr. Korman. After FISHBIO provides all additional data to Dr. Korman, he will develop separate stock-recruit models using data from each RST to identify factors influencing production and survival. He will also fit a combined model using both datasets that will allow for simultaneous estimation of impacts on productivity at Oakdale and survival to Caswell. Comparing results between individual stock-recruit models and the combined model will provide more robust conclusions. We expect this to be an iterative process where model results are discussed among FISHBIO and Dr. Korman, changes are made to the models or covariate data, and models rerun.

Once the models are developed, simulations will be run by Dr. Korman to answer targeted management questions and to compare expected outcomes of various management strategies - particularly the SWRCB 40% unimpaired flow objective. Flow and/or water temperature model runs may be requested if existing outputs do not fully support desired analyses. FISHBIO will interpret results of the models and simulations in the form of a comprehensive final report. A more targeted discussion of results will be developed into a manuscript for publication in a peer-reviewed scientific journal.

A schedule of tasks and deliverables is attached to this document. We expect that tasks to complete the modeling efforts and associated report can be completed by Summer 2023. The modeling and simulation report will be incorporated into manuscript form and submitted for peer-review by Fall 2023. Estimated cost to develop the models, run simulations, develop a comprehensive report, and a manuscript for publication is \$195,000.

**Stanislaus River Fall-run Chinook Stock-Recruit Model
Schedule of Tasks, Deliverables, and Estimated Costs**

Task 1. Data compilation and development of hypotheses (\$18,000)

Performance period: November through early January

Deliverables and expected completion dates:

- Determine availability of flow, temperature, and storage simulations (FISHBIO; November 30)
- Data compiled in spreadsheets/text file (FISHBIO; November 30)
- Summary of data compilation and draft hypotheses circulated (FISHBIO; December 15)
- Conference call to discuss conceptual model, construction, and draft hypotheses (All; early January)
- Final hypotheses (All; January 31)

Task 2. Fit Oakdale, Caswell, and combined models (\$32,500)

Performance period: February through March

Deliverables and expected completion dates:

- Annotated R script file for fitting models (Korman; March 15)
- Summary of model fitting results circulated for review (Korman; March 15)
- Conference call to discuss model fit results (All; end of March)

Task 3. Simulation of management alternatives (\$22,000)

Performance period: March through April

Deliverables and expected completion dates:

- Develop management alternatives for simulation (FISHBIO; March 31)
- Simulate juvenile production to compare management alternatives (Korman; April 30)
- Conference call to discuss results of simulations (All; end of April)

Task 4. Final report (\$62,500)

Performance period: April through August

Deliverables and expected completion dates:

- Draft study report (All; mid-July)
- Conference call to discuss draft report (All; late July)
- Final report (All; August 31)

Task 5. Peer-reviewed publication (\$60,000)

Performance period: July through October

Deliverables and expected completion dates:

- Draft manuscript (All; mid-August)
- Conference call to discuss draft manuscript (All; early September)
- Submit for peer-review (All; Fall 2023)

PROFESSIONAL SERVICES AGREEMENT

THIS PROFESSIONAL SERVICES AGREEMENT ("Agreement") is effective as of January 1, 2022, (the "Effective Date") by and between the **Tri-Dam Project**, a partnership of the **Oakdale** and **South San Joaquin Irrigation Districts**, irrigation districts governed by the provisions of Division 11 of the California Water Code (collectively, "Client"); and FISHBIO, Inc. ("Consultant").

In consideration of the promises herein and for other good and valuable consideration, the parties hereto agree as follows:

- 1. Services:** Client and Consultant agree Consultant will perform the following general services: **Fisheries research, monitoring, and consulting.**

Services to be provided by Consultant and other work to be performed by Consultant ("Work") are specifically described in the Scope of Work attached hereto as **Exhibit A**, which is incorporated herein by this reference.

Consultant's key personnel assigned to, and who shall be primarily responsible for carrying out the Work, are as follows:

Name	Classification/Position	Project Role
Doug Demko	Principal biologist	Program co-manager
Andrea Fuller	Principal biologist	Program co-manager
Matt Peterson	Senior biologist	Project co-manager
Jason Guignard	Biologist III	Project co-manager

Consultant may replace, substitute, reassign, or remove key personnel from the Work by written approval of Client. However, where key personnel are unable to perform the Work due to absence, leave, or termination of employment, Client approval shall not be required but Consultant shall notify Client of the change.

- 2. Term of Agreement.** This Agreement shall commence on January 1, 2022 and shall terminate on December 31, 2022, unless amended pursuant to Section 18 or terminated pursuant to Section 19 herein.
- 3. Schedule for Performance.** Consultant shall perform the Work as expeditiously as is consistent with generally accepted standards of professional skill and care and the orderly progress of work.
- 4. Compensation and Price Ceiling.** The compensation to be paid by Client to Consultant for the Work shall be on a time and materials basis in accordance with the Budget / Rate and Fee Schedule attached hereto as **Exhibit B**. The Budget / Rate and Fee Schedule shall be effective for the duration of performance of the Work, unless otherwise negotiated by the parties, approved by Client's Board of Directors, and consented to in writing by Client as an amendment to this Agreement.

Total compensation to Consultant for Work performed under this Agreement, including fees and expenses, shall not exceed the total price ceiling of: **\$775,000**.

- 5. Invoicing and Payment.** Consultant shall submit periodic invoices, not more frequently than monthly, for the services rendered during the preceding period. All invoices are to be sent to the Client's Accounts Payable department with the project name listed on the invoice, and must indicate the hours actually worked by each classification as well as all other directly-related costs. Client shall approve or disapprove said invoice within ten (10) days following receipt thereof, and shall pay, within thirty (30) days' approval, all approved invoices. Client reserves the right to withhold payment of disputed specific items and shall give notice to the Consultant, pursuant to Section 6 herein, of all such disputed specific items within ten (10) days following receipt of billing or invoices. The parties shall exercise good faith and diligence in the resolution of any disputed invoiced amounts.
- 6. Notices.** Any notices or other communications to be given to any party pursuant to this Agreement shall be given by delivering same in writing to the parties at the addresses set forth below:

"CLIENT"

Notice shall be deemed given when deposited into the United States mail, postage prepaid, addressed to the parties at the addresses above. Nothing shall preclude the giving of personal notice or notice by e-mail or facsimile machine provided, however, that notice by e-mail or facsimile machine shall be followed by notice deposited into the United States mail as set forth above.

- 7. Independent Contractor:** It is understood and agreed that Consultant is an independent contractor and nothing in this Agreement should be construed to create a partnership, joint venture, or employer-employee relationship:
- a. Consultant, in the performance of its obligations under this Agreement, is subject to the control or direction of Client as to the designation of tasks to be performed, and the work to be accomplished but not the means, methods or sequence used by Consultant for accomplishing the work. Client shall have the right to guide the Consultant's work efforts, but not direct the results nor the manner or the means by which the work is performed.
 - b. If, in the performance of this Agreement, any third persons are employed by Consultant, such persons shall be entirely and exclusively under the direction, supervision, and control of Consultant. All terms of employment, including hours, wages, working conditions, discipline, hiring, and discharging, or any other terms of employment or requirements of law, shall be determined by Consultant.
 - c. Consultant and Consultant's employees are not authorized to act as agent for, or make any representation, contract, or commitment on behalf of Client.
 - d. Consultant shall not be entitled to any benefits payable to employees of Client.
 - e. Client will not make any deductions or withholdings from the compensation payable to Consultant under this Agreement, and will not withhold or make payments for social security; make unemployment insurance or disability insurance contributions; or obtain worker's compensation insurance on Consultant's behalf.
 - f. Consultant will be solely responsible for all tax returns and payments required to be filed with or made to any federal, state or local tax authority with respect to Consultant's performance of services and receipt of fees under this Agreement. Consultant agrees to accept exclusive liability for complying with all applicable state and federal laws governing self-employed individuals, including obligations such as payment of taxes, social security, disability and other contributions based on fees paid to Consultant, its agents or employees under this Agreement. Consultant hereby agrees to indemnify and defend Client against any and all such taxes or contributions, including penalties and interest.
 - g. Consultant hereby indemnifies and holds Client harmless from any and all claims that may be made against Client based upon any contention by any third party that an employer-employee relationship exists by reason of this Agreement.
- 8. Authority of Consultant.** It is understood that Consultant is to provide information, research, advice, recommendations and consulting services to Client. Consultant shall not possess any authority with respect to any decision of Client. Client is responsible for, and shall make all policy decisions related to, the Work performed by Consultant.
- 9. Potential Conflicts of Interest.**
- a. Consultant shall disclose its involvement in any projects which may be directly affected by actions taken by Client based on the services provided hereunder. Consultant shall not write a proprietary specification for material, equipment, or service from companies in which it holds a beneficial interest.
 - b. Consultant certifies that it has disclosed to Client any actual, apparent or potential conflicts of interest that may exist relative to the services to be provided pursuant to this Agreement. Consultant hereby agrees to advise Client in writing of any actual, apparent, or potential conflicts of interest that may develop subsequent to the date of execution of this Agreement and shall give such notice pursuant to Section 6 herein, within ten (10) days of Consultant's knowledge of such conflict. District reserves the right to require Consultant to submit a financial disclosure statement.

- c. Consultant agrees to refrain from other engagements that may present an actual, apparent or potential conflict of interest with respect to the work covered by this Agreement. Consultant may request a waiver of these requirements from District. The request for a waiver must be in writing and shall contain a disclosure and description of the actual, apparent or potential conflict of interest and Consultant's reasons and justification for requesting such a waiver. The request shall be submitted to District pursuant to Section 6 of this Agreement.

10. Ownership of Work Product. All technical data, evaluations, plans, specifications, maps, drawings, images, reports or other work product of Consultant prepared pursuant to this Agreement constitute work made for hire ("Work Product").

- a. All Work Product shall be delivered to Client upon completion of the services authorized hereunder, and shall become, the property of Client, and Client shall be the copyright holder thereof. Client shall have the right to make and retain copies and use all Work Product; provided, however, the use shall be limited to the intended use for which the services and Work Products are provided under this Agreement. Client agrees to indemnify and hold Consultant harmless if Work Product is used for other than its original intended purpose.
- b. Consultant retains no rights to use the Work Product and agrees not to challenge the validity of Client's rights or ownership in the Work Product. Consultant may retain copies of the Work Product for its files and internal use. Consultant's publication or release of any or all of the information directly derived from work performed or data obtained in connection with services rendered under this Agreement must first be approved in writing by Client.
- c. If Consultant has any rights to the Client Work Product that cannot be assigned to Client, (a) Consultant unconditionally and irrevocably waives the enforcement of such rights, including all claims and causes of action of any kind against Client with respect to such rights, and agrees, at Client's request and expense, to consent to and join in any action to enforce such rights, and (b) Consultant unconditionally and irrevocably grants to Client during the term of such rights, an exclusive, irrevocable, perpetual, worldwide, fully paid and royalty-free license, with rights to sublicense through multiple levels of sublicensees, to reproduce, create derivative works of, distribute, publicly perform, and publicly display by all means now known or later developed, such rights.

11. Indemnification. Consultant, by execution of this Agreement, specifically agrees to hold harmless, defend and indemnify District, its officers, agents, and employees from and against any and all actions, claims, loss, liability, damage and expense arising out of, pertaining to, or relating to the negligent, reckless, or willful misconduct of Consultant, Consultant's employees or subconsultants engaged by Consultant in connection with the work of Consultant pursuant to the terms of this Agreement, excepting only such injury and harm as may be caused solely and exclusively by Client's sole negligence, willful misconduct or active negligence. In no event shall the cost to defend charged to Consultant exceed Consultant's professional's proportionate percentage of fault. Such indemnity shall extend to claims, demands, or liabilities, of every kind or nature whatsoever including, but not limited to, personal injury, wrongful death, and property damage occurring during and/or after completion of the Work. Notwithstanding the foregoing provisions of this paragraph, if Consultant is a design professional, as defined by Section 2782.8(b)(2) of The Civil Code of the State of California, or its successor, then such design professional shall, to the fullest extent permitted by law, indemnify, and hold Client harmless from and against any and all liabilities, losses or damages, arising out of or encountered in connection with this Agreement or the prosecution of work under it to the extent such, liabilities, losses or damages, are actually caused by the

negligence of such design professional or its agents, employees, or subcontractors, or their agents or employees. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by Client, its directors, officers, employees, or authorized volunteers.

12. Insurance. During the performance of the Services under this Agreement, Consultant and each subconsultant retained by Consultant shall maintain at their own expense the following insurance:

- (1) General Liability Insurance, with a combined single limit of \$1,000,000 for each occurrence and \$2,000,000 in the aggregate.
- (2) Automobile Liability Insurance, with a combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident.
- (3) Workers' Compensation Insurance in accordance with Section 3700 of the California Labor Code and Employers' Liability Insurance Act, with a limit of \$1,000,000 for each occurrence. Consultant shall provide a certificate of compliance in the form attached as **Exhibit C**.
- (4) Errors and Omissions or other applicable Professional Liability coverage in the minimum amount of \$1,000,000.

Said insurance will be evidenced by certification filed with the Client as otherwise specified by this Agreement. All policies shall name "**the Oakdale Irrigation District, the South San Joaquin Irrigation District, the Tri-Dam Project, and each of their respective directors, officers, employees and volunteers**" as additional insureds on the General Commercial Liability and Automobile Liability policies.

a. Commercial General Liability and Automobile Liability Insurance: Consultant shall provide and maintain commercial general liability and automobile liability insurance as set forth in this Agreement.

1. **Coverage:** Coverage for commercial general liability and automobile liability insurance shall be at least as broad as the following:

- i. Insurance Services Office ("ISO") Commercial General Liability Coverage (Occurrence Form CG 0001); and
- ii. ISO Business Auto Coverage (Form CA 0001), covering Symbol 1 (any auto).

2. **Limits:** Consultant shall maintain limits no less than the following limits:

- i. General liability of One Million Dollars (\$1,000,000) per occurrence and Two Million Dollars (\$2,000,000) in the aggregate, for bodily injury, personal injury and property damage. If Commercial General Liability insurance or other form with a general aggregate limit or products-completed operations aggregate limit is used, either the general aggregate limit shall apply separately to the project/location (with the ISO CG 2503, or ISO CG 2504, or insurer's equivalent endorsement provided to Client) or the general aggregate

limit and products-completed operations aggregate limit shall be twice the required occurrence limit; and

- ii. Automobile Liability of One Million Dollars (\$1,000,000) for bodily injury and property damage each accident limit.

3. **Required Provisions:** The General Liability and Automobile Liability policies are to contain, or be endorsed to contain, the following provisions:

- i. "The South San Joaquin Irrigation District, and each of their respective directors, officers, employees, and authorized volunteers are to be given insured status (ISO endorsement CG 2010, CG 2033, or insurer's equivalent for general liability coverage) as respect to liability arising out of activities performed by or on behalf of the Consultant; products and completed operations of Consultant; premises owned, occupied or used by Consultant; and automobiles owned, leased, hired or borrowed by Consultant." The coverage shall contain no special limitations on the scope of protection afforded to Client, its directors, officers, employees, or authorized volunteers;
- ii. For any claims related to the Services, Consultant's insurance shall be the primary insurance, and any insurance, self-insurance, or other coverage maintained by Client, shall be non-contributory.
- iii. Any failure by Consultant to comply with reporting or other provisions of the insurance policies including but not limited to a breach of any warranties contained therein shall not affect coverage provided to Client, its directors, officers, employees, or authorized volunteers; and
- iv. Consultant's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

4. **Subrogation:** Consultant shall waive all rights of subrogation against Client.

- b. Workers' Compensation and Employer's Liability Insurance:** Consultant and all sub-contractors shall insure (or be a qualified self-insured) under the applicable laws relating to Worker's Compensation insurance, all of their employees working on or about the construction site, in accordance with the "Workers' Compensation and Insurance Act." Division IV of the Labor Code of the State of California and any Acts amendatory thereof. Consultant shall provide employer's liability insurance with limits of no less than One Million Dollars (\$1,000,000) each accident, One Million Dollars (\$1,000,000) disease policy limit, and One Million Dollars (\$1,000,000) disease each employee.

If Consultant is a Sole Proprietor, a Sole Proprietor Business Affidavit Form must be on file with the Client prior to the start of the Work or providing Services.

- c. Deductibles and Self-Insured Retentions:** Any deductible or self-insured retention must be declared to and approved by Client.
- d. Acceptability of Insurers:** Consultant shall purchase the policies of insurance required under this Agreement from insurers having a current A.M. Best Financial Strength Rating of

no less than A, and Financial Size Category of no less than VII or as otherwise approved by Client.

- e. Evidence of Insurance:** Evidence of the insurance coverage required to be maintained by Consultant under this Agreement, as represented by Certificates of Insurance and all required endorsements issued by the insurance carrier, must be furnished to Client prior to Consultant starting the Work. Such Certificates of Insurance/endorsement shall state that Client will be notified in writing thirty (30) days prior to cancellation of insurance. Timely renewal certificates will be provided to Client.
 - f. Continuation of Coverage:** If any of the required coverages expire during the term of this Agreement, Consultant shall deliver all applicable renewal certificates to Client at least ten (10) days prior to the expiration date.
- 13. Confidentiality.** Consultant shall not, either during or after the term of this Agreement, disclose to any third party, any confidential information relative to the work of Client without the prior written consent of Client.
- 14. Non-Discrimination in Employment.** Consultant shall not discriminate against any employee, applicant for employment or volunteer because of race, color, creed, religion, national origin, sex, age, or physical, mental handicap or any other basis prohibited by applicable law.
- a. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, national origin, age, physical or mental handicap or any other basis prohibited by applicable law. Such action shall include, but not be limited to the following: employment, promotion, demotion or transfer; recruitment or advertising; layoff or termination; rates of pay or other forms of compensation; or selection for training, including apprenticeship. Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices that Consultant shall provide an atmosphere free of harassment as prohibited by applicable law for employees, clients, and volunteers.
 - b. Consultant shall, in all solicitations or advertisements for employees, state that all qualified applicants will receive consideration for employment without regard to race, color, creed, religion, sex, national origin, ancestry, age, physical or mental handicap or any other basis prohibited by applicable law.
- 15. Financial Records.** Consultant shall retain all financial records, including, but not limited to, documents, reports, books and accounting records which pertain to any work or transaction performed pursuant to this Agreement for four (4) years after the expiration of this Agreement. Either District or any duly authorized representative of Client shall, with reasonable notice, have access to and the right to examine, audit and copy such records.
- 16. Compliance with Laws; Labor Code Provisions.** It is the responsibility of the Consultant and any subconsultant to comply with all federal, state and local laws and regulations applicable to Consultant and any subconsultant, including provisions of DIVISION 2, PART 7 of the California Labor Code, and those provisions governing the payment of prevailing wages, working hours, overtime, the employment of apprentices and record keeping requirements. Copies of the prevailing rate of per diem wages are available at District's principal office and will be made available to any interested party on request. The following sections of the California Labor Code are incorporated into and made a part of this Agreement and will be made available by District

upon request: Section 1771 (prevailing wage requirement,) Section 1810 (eight hour workday,) Section 1813 (penalty for failure to pay overtime,) Section 1777.5 (apprenticeship requirements); Section 1776 (recordkeeping requirements) and Section 1771.4 (job site posting).

- 17. Assignment.** Consultant may not assign its rights or obligations hereunder without the prior written consent of Client, which may be granted or withheld in Client's sole discretion.
- 18. Amendments.** Modification or amendments to the terms of this Agreement shall be approved by Client's Board of Directors, and consented to in writing by Client as an amendment to this Agreement, and executed by all parties.
- 19. Termination.** Either party shall have the right to terminate this Agreement at any time by serving upon the other party thirty (30) days' advance written notice of termination. The notice shall be deemed served and effective for all purposes on the date it is deposited in the United States mail, postage prepaid and addressed to Consultant at the address indicated in Section 6. In the event of such notice of termination:
- a. Consultant shall, as directed by Client or on such other mutually acceptable terms, proceed with the orderly shutdown of project activities, cease rendering further services and proceed with archiving of project materials.
 - b. Consultant shall deliver to Client copies of all writings and other Work Product prepared pursuant to this Agreement. The term "writings" shall be construed to mean and include handwriting, typewriting, computer files and records, drawings, blueprints, printing, photostating, photographing, and every other means of recording upon any tangible thing, any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof.
 - c. Client shall have full ownership and control of all such writings delivered by Consultant pursuant to this Agreement.
 - d. Client shall pay Consultant for work performed until the effective date of termination, subject to the limitations prescribed by Sections 4 and 5 of this Agreement.
- 20. No Rule of Strict Construction.** The parties agree that this Agreement and any amendments or exhibits hereto shall be construed without regard to any presumption or rule requiring construction against the party causing such instrument or any portion thereof to be drafted, or in favor of the party receiving a particular benefit under the Agreement. No rule of strict construction shall be applied against any party. If any provision of this Agreement is determined by a court to be unenforceable, the parties shall deem the provision to be modified to the extent necessary to allow it to be enforced to the extent permitted by law, or if it cannot be modified, the provision will be severed and deleted from this Agreement, and the remainder of the Agreement will continue in effect.
- 21. Applicable Law; Venue.** This Agreement shall be governed by, construed, and enforced in accordance with, the laws of the State of California. Any claims or litigation arising under this Agreement shall be brought by the parties in the Superior Court of California, County of Stanislaus.
- 22. Survival.** The ownership of work product provisions of Section 10, the indemnity provisions of Section 11, the confidentiality provisions of Section 13 and the inspection provisions of Section 15 shall survive the expiration or other termination of this Agreement.

23. Entire Agreement. This Agreement, together with the exhibits hereto, is the final, complete, and exclusive agreement of the parties with respect to the subject matter hereof and supersedes and merges all prior discussions between the parties. No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, will be effective unless in writing and signed by Client and Consultant.

IN WITNESS WHEREOF, the parties have signed this Agreement as of the dates indicated below; provided, however, that the Agreement shall be deemed effective as of the Effective Date identified above.

EXHIBIT "A" SCOPE OF WORK

Full Study Scope

Implementing the full scope will provide a robust effort similar to 2021, including continuing summer *O. mykiss* surveys, the Stanislaus Native Fish Plan (NFP) research, development of multiple peer-reviewed publications, and consulting at the same levels of effort. The cost for full implementation of the NFP study reflects an expected cost savings over 2021 given earlier investments in programming to automate statistical analyses going forward and some relatively minor changes to the study methods for improved efficiency based on findings to date.

As NFP sampling will target the bulk of the salmon outmigration window, RST monitoring will be conducted over the same period to estimate the abundance of juvenile Chinook salmon over the course of the predation studies. In past years, RST monitoring has been conducted January 1-June 30. However, this could be reduced to mid-January through May or early June to reduce cost while still providing a robust estimate of juvenile salmon abundance to quantify the proportion of the population lost to predation. This full scope cost estimate assumes this more targeted sampling strategy.

Implementing the full study scope provides for the most robust sampling strategy to maximize data available for analyses. Cumulative impacts of predation by nonnative fishes is expected to remain a key limiting factor for native species recovery and sustainability into the future. With thousands of tagged fish now in the system from efforts to date, sampling in 2022 and beyond will provide some of the most valuable data from recaptures of tagged fish. The increased number of tagged predators greatly increases the chance of recapturing fish, which translates to more certain estimates of abundance and more information to understand trends in abundance, growth, and survival of predators relative to instream conditions. Substantial efforts have been made to monitor salmon, but data to understand predator abundance, impacts, and population responses to management are lacking. Obtaining this data over several more years of varying environmental conditions will provide information to evaluate whether there are correlations between predator abundance and river conditions or if the predator populations and predation risk are relatively consistent regardless of water year type.

EXHIBIT "B" BUDGET / RATE AND FEE SCHEDULE

Budget

Life-cycle Monitoring	\$150,000
Consulting	25,000
Data Analysis/Publications	125,000
Native Fish Plan	<u>475,000</u>
Total Budget	\$775,000

Rate and Fee Schedule:

Hourly service rates are provided for each service category in the table below followed by a description of other charges which may be billed. Hourly rates will be pro-rated to the nearest ¼ hour (e.g., 15 minutes).

<i>Position</i>	<i>Rate</i>
Principal Biologist	\$180
Senior Biologist	\$160
Biologist 3	\$150
Biologist 2	\$140
Biologist 1/ Graphical Design	\$120
Technician 2	\$95
Technician 1	\$85
Office Assistant	\$75

Project specific expenses including, but not limited to, purchase of and repairs to rotary screw traps, weirs, and telemetry equipment; warning signs posted at monitoring sites; boat rental; travel costs (i.e., vehicle mileage and rental, gas for boats, and lodging), and specialty printing costs (i.e., posters, aerial photographs, brochures) will be charged at cost. Equipment expenses for pilot or highly specialized projects (e.g., telemetry studies) will also be charged at cost.

Subcontractor charges will be billed at cost plus 10% for services and at cost for all other expenses.

EXHIBIT "C" WORKERS COMPENSATION CERTIFICATION

Labor Code Section 3700 provides, in pertinent part:

"Every employer except the state shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation by one or more insurers duly authorized to write compensation insurance in this state; or
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure either and to pay any compensation that may become due to his or her employees. . ."

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this Contract.

BOARD AGENDA REPORT

Date: December 15, 2022

Staff: Sharon Cisneros

SUBJECT: REVIEW AND TAKE POSSIBLE ACTION TO APPROVE AND ADOPT THE 2023 BUDGET FOR THE TRI-DAM PROJECT

RECOMMENDED ACTION: Approve Adoption of the Proposed 2023 Budget for the Tri-Dam Project

BACKGROUND AND/OR HISTORY:

Planning, budgeting, and forecasting are all part of a three-step process for determining and detailing an organization's long-term and short-term financial goals. A budget is an estimate of revenues and expenses for a set period of time which forecasts future financial conditions and goals for an organization. The budget serves as a plan of action for achieving quantified objectives and a standard of measuring performance. Budget development is a year-long process. Once adopted, staff tracks expenses on a real-time basis and compare those actual expenses to the budget over the course of the year.

Due to the absence of a permanent General Manager or Finance Manager at the Tri-Dam entities, the Interim General Manager and the Interim Finance Manager have created a budget with revenue that is relatively flat with the prior year budget and expenses are sufficient to cover annual MOU increases and other anticipated expenses based on Tri-Dam Staff input.

Operations expenses have decreased from the prior year approved budget primarily due to the removal of administrative labor and benefit expenses from operations. These expenses are now reflected in the Administration budget.

Maintenance expenses have also decreased from the prior year approved budget primarily for budgeted items in 2022 that were should have been included in the capital budget. Similar projects in 2023 are correctly in the capital budget.

The Administrative expenses have decreased from the 2022 budget primarily due to 2023 not including a Pension unfunded liability payment. In 2022, the Project paid an additional \$750,000 towards retirement liability. Recent CalPERs reports do no support an additional payment in 2023 as one account is now superfunded.

The capital budget has decreased by more than \$1.6M from the 2022 approved budget. Only Priority items were included in the proposed budget. Remaining projects were scheduled in future years.

FISCAL IMPACT: None

BOARD AGENDA REPORT

Date: 12/15/2022

Staff: Jeff Shields

SUBJECT: General Manager Vehicle Purchase

RECOMMENDED ACTION: Discussion and possible action to authorize Interim General Manager to purchase a new General Manager vehicle not to exceed \$74,000.

BACKGROUND AND/OR HISTORY:

The 2022 budget included \$65,000 to replace the General Manager vehicle. There were also a few trucks included in the budget, but only two vehicles were ordered. The previous General Manager vehicle was a Tahoe, which was reassigned to Susan, and Jarom used a 2013 Ford F150 4X4 ½ ton pickup. That pickup has 165K miles on it and the transmission is in need of a replacement. The problem we are currently facing is supply chain. With the current market, dealerships are not always willing to bid on a vehicle and hold in inventory while we wait to get Board approval.

Following the November Board meeting, with authorization to purchase a new GM vehicle not to exceed \$65,000, I went back to the lowest bidder (Steves Chevrolet) for a 4X4 SUV. I searched four regional Chevy dealers' inventory for a used Tahoe. Steves had the most current model, a 2021 Tahoe 4X4 with 30K miles. When I asked them to give me the best price, they came back with \$61,920 and, after taxes, the price was \$66,593. The brand new 2023 was quoted, out the door, at \$73,354. For a difference of \$11,433.

I would like to request authorization to increase the purchase price not to exceed \$74,000.

FISCAL IMPACT: Original Budget \$65,000

Subject: RE: Chevy Tahoe

Alan,

Thanks for the prompt reply. My authorization is \$65,000. I'm not trying to negotiate but simply saying I have a fixed limit. The Board is meeting tomorrow and I may be able to get them to approve an increase. That said, the 2023 you quoted in \$68,310 and for the slight difference it probably makes sense to go ahead with the 2023.

Good Morning Jeff,

The 2021 Tahoe is currently here and available. We can get the selling price down to \$61,920 plus tax. The total would be \$66,593.24. Please let me know if this might work for you and I can send the pricing breakdown.

Thank you.

Subject: Chevy Tahoe

Alan,

My name is Jeff Shields. I am serving as Interim General Manager at the TriDam Project. You recently submitted a quote for a 2023 Tahoe 4WD Z71. Unfortunately, the price, which was competitive, exceeded the amount approved by our Board. When I was searching for another option, I see you have a 2021 (Stock # T3147P) in your inventory. Is that vehicle still available and can you tell me what we can purchase that for?

Thanks.

TRI-DAM INTERIM GENERAL MANAGER
EMPLOYMENT AGREEMENT
AMENDMENT No. ONE

This Amendment No. One shall amend that Employment Agreement entered into by and between the Oakdale Irrigation District and the South San Joaquin Irrigation District (collectively, “Employer”) and Jeff Shields as Interim General Manager of the Tri-Dam Project and Tri-Dam Authority (“Employee”), dated July 21, 2022.

This Amendment No. One amends Section 1, “Temporary and At Will Employment” to extend the term of employment to January 14, 2023.

The remainder of the Employment Agreement remains intact and unchanged.

This Amendment No. One was approved at the regular meeting of the Tri-Dam Board of Directors held December 15, 2022.

EMPLOYER

SOUTH SAN JOAQUIN IRRIGATION DISTRICT

President, Board of Directors

OAKDALE IRRIGATION DISTRICT

President, Board of Directors

EMPLOYEE

Jeff Shields

EMPLOYMENT AGREEMENT

This Employment Agreement (“Agreement”) is made by and between South San Joaquin Irrigation District and Oakdale Irrigation District, acting together as the Tri-Dam Project and Tri-Dam Authority (collectively, “Employer”), and Summer Nicotero (“Employee”).

1. At-Will Employment. Employer hereby employs Employee as the General Manager for the Tri-Dam Project and the Tri-Dam Power Authority under the terms and conditions set forth in this Agreement. Employee shall serve at the pleasure of Employer’s Joint Board of Directors (“Joint Board”). Her employment shall be “at-will”, which means that either Employer or Employee may terminate this Agreement and the employment relationship at any time, for any reason or for no reason. Employee shall begin her employment with Employer on **January 3, 2023**.

2. Duties and Obligations of Employee. Employee shall perform the customary duties of the General Manager’s office as set forth in the Job Description attached as Exhibit “A” as may be modified by Employer’s Joint Board from time to time, and such other duties as may from time to time be requested of Employee by Employer’s Joint Board.

3. Devotion to Employer's Business.

(a) Employee shall devote her full time, ability, and attention to the business of Employer while he is employed by Employer. Employee shall not, without the prior written consent of Employer’s Joint Board, engage in any other business activities, duties, or pursuits whatsoever, or directly or indirectly render any services of a business, commercial, or professional nature to any other person or organization, whether for compensation or otherwise, which are in conflict with Employer’s operations. The expenditure of reasonable amounts of time for educational, charitable, or professional activities, however, shall not be deemed a breach of this Agreement if those activities do not interfere with the services required of Employee under this Agreement.

(b) Employee agrees to conduct herself at all times with due regard to public conventions and morals. Employee further agrees not to do or commit any act that will reasonably tend to shock or offend the community, degrade Employee or Employer, or that may be prejudicial or harmful to Employer or Employer’s reputation. Employee acknowledges and agrees that this provision is necessary to protect Employer’s goodwill in the communities which Employee and Employer serve.

(c) Employee shall be required, as a condition of employment and as a business necessity to Employer, to reside in Employer-provided housing located at the

Tri-Dam Headquarters in Strawberry, California for the first three (3) months of employment. Thereafter, Employee's place of residence must allow employee to be able to report to any emergency at the Tri-Dam Project headquarters in Strawberry, California within sixty (60) minutes, and any other Tri-Dam Project or Authority facility within ninety (90) minutes. The Employer-provided housing may continue to be used by Employee on an intermittent basis and for stays of short duration, as may be required from time to time to perform Employee's job duties. Such intermittent stays shall not exceed three (3) consecutive weeks at a time without permission from the Board of Directors.

4. Compensation. In consideration of the services to be performed under this Agreement, Employee shall receive a beginning salary at the rate of Two Hundred Fifteen Thousand Dollars (\$215,000.00) per year ("Salary"), payable in installments in accordance with Employer's normal payroll practices, subject to applicable adjustments for withholding taxes and prorations for any partial employment period. Employee may receive such annual adjustments in salary, if any, as may be determined by Employer's Joint Board, in its sole discretion, resulting from the Board's annual review of Employee's compensation and performance.

5. Benefits. Except as otherwise provided in this Agreement, Employee shall be entitled to those employee benefits adopted by Employer for all employees of Tri-Dam Project from time to time, subject to applicable qualification requirements and regulatory approval requirements, if any. All benefits, including those listed below, are subject to change consistent with the Joint Board's policies and applicable law. Employee shall be entitled to the following additional benefits which shall supplement or replace, to the extent duplicative of any part or all of the general employee benefits, the benefits otherwise provided to Employee:

- (a) Vacation. Employee shall begin to accrue vacation at the rate of eighty (80) hours per year upon commencement of employment on a pro-rata basis, which shall be reported each pay period. Thereafter, Employee will accrue vacation at the rates set forth in the Tri-Dam Project's Policies. Vacation may be taken as accrued, and there shall be no probationary or waiting period before Employee is entitled to take accrued vacation. Employee may be absent from employment for vacation as long as such leave is reasonable and does not jeopardize Employee's performance of the responsibilities and duties specified in this Agreement. The length of any one vacation period shall not exceed two (2) consecutive weeks without the prior approval of Board of Directors (unless such vacation benefit is used for a protected leave of absence).
- (b) Paid Administrative Leave. Employee shall be entitled to Forty (40) hours of Paid Administrative Leave annually, vesting January 1 of each year. Employee's ongoing accrual and use of paid administrative leave shall be subject to and consistent with the Tri-Dam Project's policies.

- (c) Sick Leave. Employee shall accrued paid sick leave consistent with the Tri-Dam Project Employee Benefits Plan. Employee shall be entitled to use any Sick-Leave as it is accrued, without any probationary or “waiting period.”
- (d) Vehicle. Employer agrees to provide Employee with an Employer-owned vehicle for use on Employer business. Employer agrees to cover all operating expenses for the vehicle, including insurance, gas, and maintenance.
- (e) Phone. Employer agrees to provide Employee with a mobile phone for use for Employer business. Employer agrees to cover costs for supporting mobile plan, including data and messaging for business-related use.
- (f) Retirement. Employee shall be eligible for retirement benefits consistent with Tri-Dam Project’s Employee Benefit Plan, its contract with CalPERS, and applicable law.
- (g) Deferred Compensation. Employee shall have the opportunity to enroll in a 457 deferred compensation plan. Employee contributions are subject to limits as established from time-to-time by the Internal Revenue Service. Employee may make contributions to this plan on a voluntary basis through payroll deductions. Employer shall match, dollar for dollar match up to Three Thousand Five Hundred Dollars (\$3,500.00) of Employee’s contributions annually.
- (h) Relocation Expenses. Employer shall reimburse Employee for all reasonable and properly documented relocation expenses to move Employee, Employee’s immediate family (spouse and children), and Employee’s household from Employees current place of residence to California. Costs shall include any penalty or “breakage fee” for early termination of Employee’s current residential lease. Employee shall provide Employer with a copy of said lease in advance of breaking or terminating lease. Employer’s reimbursement of relocation expenses shall not include expenses incurred in changing place of residence or other subsequent move(s) once Employee, her immediate family, and household have been successfully relocated to a place of residence within California.

6. Business Expenses. Employer shall reimburse Employee for all reasonable business expenses (“Business Expenses”) incurred by Employee in connection with the business of Employer, and in accordance with Tri-Dam Project’s policies and practices. Employee must first furnish to Employer adequate records as would be required by the appropriate taxing authorities for the substantiation of each such expenditure as an income tax deduction if Employer were subject to taxation.

7. Employee Performance Review. Employee shall be subject to periodic performance review by Employer’s Board of Directors. An initial performance review

shall occur upon six(6) months' full time employment of Employee, with a second review at one (1) year of Employment. Performance review shall occur on an annual basis thereafter. Nothing in this Section precludes the Board from conducting any additional performance review based upon advice of legal counsel or other determination of need.

8. Termination of Agreement.

(a) Termination by Employer For Cause. Employer reserves the right to terminate this Agreement immediately upon any of the following events:

- (i) Employee's death;
- (ii) Employee's disability such that he is no longer able to perform the essential functions of her position, with or without reasonable accommodation. Nothing in this paragraph shall be construed to deny Employee her right to reasonable accommodation in the event of disability under applicable law;
- (iii) Employee's commission of any act of dishonesty, misappropriation, embezzlement, intentional fraud, abuse of position, or similar conduct;
- (iv) Employee's failure to perform Employee's duties, as may be modified by Employer's Joint Board from time to time;
- (v) Acts of violence, threats of violence, harassment or other threatening behavior;
- (vi) Employee's refusal or neglect to comply with any lawful or reasonable order given to Employee by Employer's Joint Board, or his violation of any Employer policy or material law or regulation applicable to Employer;
- (vii) Any material breach of this Agreement by Employee; or
- (viii) Any damage of \$5,000 or more to property of Employer or their affiliates caused by Employee's willful or grossly negligent conduct;
- (ix) Employer's good faith determination that other "good cause" exists to terminate Employee;

(b) Other Termination by Employer. Employer may at its election and in its sole discretion, terminate this Agreement for no reason by giving written notice of termination to Employee, without prejudice to any other remedy to which Employer may be entitled either at law, in equity or under this Agreement. Upon such termination, Employee shall be entitled to receive any employment benefits which shall have accrued prior to such termination and the Severance Pay specified in paragraph 8(c) below. If Employer terminates Employee's employment in breach of this Agreement, Employee's damages shall be limited to the Severance Pay in Section 8(c).

(c) Severance Pay - Termination by Employer - Section 8(b). In the event of termination by Employer pursuant to paragraph 8(b) of this Agreement, Employee shall be entitled to receive severance pay ("Severance Pay") at Employee's rate of Salary immediately preceding such termination equal to six (6) months' Salary. In no event shall Employee's Severance Pay at any time exceed the amount allowable by law pursuant to Cal. Gov't Code Section 53260. Severance Pay shall be payable in accordance with Employer's normal payroll practices.

Employee acknowledges and agrees that Severance Pay pursuant to this subparagraph (c) is in lieu of all damages, payments and liabilities on account of the early termination of this Agreement and is the sole and exclusive remedy for Employee, and shall be subject to Employee's execution of a full release of all claims of any nature Employee may have against Employer, and their past, present and future officers, directors, agents, employees, predecessors, successors, and its and their heirs, assigns and affiliates, if any (collectively, the "Released Parties"). If Employee refuses to sign this release and instead brings a claim against one or more of the Released Parties, Employee shall not be entitled to Severance Pay.

(d) Termination by Employer - Section 8(a). If Employer terminates this Agreement pursuant to Section 8(a), Employee shall only be entitled to receive the Employee's accrued but unpaid wages, accrued but unused vacation, and vested retirement benefits. Employee shall not be entitled to receive any other sums, including but not limited to Severance Pay.

(e) Termination by Employee. Employee may terminate this Agreement at any time, which shall constitute a voluntary resignation by Employee. In the event of Employee's resignation, Employee shall only be entitled to receive Employee's accrued but unpaid wages, accrued but unused vacation, and vested retirement benefits through the date of termination of employment. Employee shall not be entitled to receive any other sums, including but not limited to Severance Pay.

9. Notices. Any notices to be given hereunder by either party to the other shall be in writing and may be transmitted by personal delivery or by First Class U.S. mail. Mailed notices shall be addressed to the parties at the addresses listed as follows:

Employer: General Manager
South San Joaquin Irrigation District
P.O. Box 747
Ripon, CA 95366

General Manager
Oakdale Irrigation District
1205 East "F" Street
Oakdale, CA 95361

Employee: Summer Nicotero

Each party may change the address for receipt of notices by written notice in accordance with this paragraph 9. Notices delivered personally shall be deemed communicated as of the date of actual receipt; mailed notices shall be deemed communicated as of three (3) days after the date of mailing.

10. Arbitration. To resolve employment disputes in an efficient and cost-effective manner, Employee and Employer agree that any and all claims (either now in existence or that may arise in the future) arising out of or related to this Agreement that could be filed in a court of law, **with the exception of those claims arising under the Fair Housing and Employment Act (FEHA) or under the California Labor Code**, shall be submitted to final and binding arbitration, and not to any other forum. This includes any dispute between Employee and any other person or entity that is or was affiliated with Employer, including supervisors, managers, officers, directors, agents, and representatives, whom Employee seeks to hold liable for claims arising out of or related to her employment with Employer.

(a) Class Action Waiver. Employee agrees to bring any dispute on an individual basis only, and not as part of a class or collective action. Employee agrees to waive any right to a class or collective action ("Class Action Waiver"). Any dispute between the parties regarding the enforceability of the Class Action Waiver must be resolved by a civil court, and not by an arbitrator.

(b) PAGA Action Waiver. Employee agrees to bring any dispute on an individual basis only, and not as part of a representative action pursuant to the Labor Code Private Attorneys General Act of 2004 ("PAGA Waiver"). Any dispute between the parties regarding the enforceability of this PAGA Waiver must be resolved by a civil court, and not by an arbitrator. If a court determines that the PAGA Waiver is not

enforceable, Employee and Employer agree to stay the PAGA proceedings pending final resolution of the individual action in arbitration and, to the extent permissible by law, the determination as part of that action of Employee's status as an aggrieved employee under California Labor Code Section 2699(c).

(c) Initiation of Arbitration. The arbitration process shall be initiated by delivering a written request for arbitration to the other party within the time limits that would apply to the filing of a civil complaint in court. A late request will be void. No claim should be submitted to arbitration without first attempting to resolve the matter informally and exhausting Employer's internal procedures.

(d) Arbitration Procedures. The arbitration shall take place at a mutually agreed upon location in San Joaquin County, California. If the parties are unable to agree upon a neutral arbitrator, the parties will obtain a list of arbitrators from a neutral dispute resolution service, and strike names alternately until one arbitrator remains. The arbitrator shall conduct the arbitration in accordance with the procedures set forth in the most recent version of the American Arbitration Association's Employment Arbitration Rules and Mediation Procedures, except to the extent that any such rule or procedure would invalidate the enforceability of this Agreement, and to the extent that administration of such rules require the arbitration to be administered by the American Arbitration Association. Regardless of the outcome, Employer shall pay all the costs that are unique to the arbitration forum. The American Arbitration Association modifies its rules from time to time consistent with applicable law and to create an efficient and effective arbitration forum. Therefore, the rules governing arbitration may change from time to time. Employer and Employee agree to be bound by these rules as they may be in effect from time to time, except as otherwise set forth in this Agreement. A copy of the rules may be found at www.adr.org.

(e) Authority of Arbitrator and Award. The arbitrator shall have the authority to order any legal or equitable remedy that would be available in a civil or administrative action on the claim. The arbitrator shall prepare a brief written decision that includes the essential findings and conclusions upon which the award is based.

11. Attorneys' Fees and Costs. In the event of litigation, arbitration or any other action or proceeding between the parties to interpret or enforce this Agreement or any part thereof or otherwise arising out of or relating to this Agreement, the prevailing party shall be entitled to recover its costs related to any such action or proceeding and its reasonable fees of attorneys, accountants and expert witnesses incurred by such party in connection with any such action or proceeding. The prevailing party shall be deemed to be the party which obtains substantially the relief sought by final resolution, compromise or settlement, or as may otherwise be determined by order of a court of competent jurisdiction in the event of litigation, an award or decision of the arbitrator in the event of

arbitration, or a decision of a comparable official in the event of any other action or proceeding.

12. Entire Agreement. This Agreement supersedes any and all other agreements, either oral or in writing, between the parties, and contains all of the covenants and agreements between the parties with respect to the subject matter contained herein. Each party to this Agreement acknowledges that no other representations, inducements, promises, or agreements, oral or otherwise, have been made by any party, or anyone acting on behalf of any party, which are not set forth herein, and that no other agreement, statement, or promise not contained in this Agreement shall be valid or binding on either party with regard to the subject matter.

13. Modifications and Assignment. Any modification of this Agreement will be effective only if it is in writing and signed by a party or its authorized representative.

14. Waiver. The failure of either party to insist on strict compliance with any of the terms, provisions, covenants, or conditions of this Agreement by the other party shall not be deemed a waiver of any term, provision, covenant, or condition, individually or in the aggregate, unless such waiver is in writing, nor shall any waiver or relinquishment of any right or power at any one time or times be deemed a waiver or relinquishment of that right or power for all or any other times.

15. Partial Invalidity. If any provision in this Agreement is held by a court of competent jurisdiction or arbitrator to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force and effect without being impaired or invalidated in any way.

16. Interpretation. This Agreement shall be construed without regard to the party responsible for the preparation of the Agreement and shall be deemed to have been prepared jointly by the parties. Employee acknowledges that Employee has had the opportunity to obtain independent legal counsel in connection with this Agreement, and Employee acknowledges that Employee has either obtained such counsel or has voluntarily declined the services of such counsel. Any ambiguity or uncertainty existing in this Agreement shall not be interpreted against either party, but according to the application of other rules of contract interpretation, if an ambiguity or uncertainty exists.

17. Governing Law and Venue. The laws of the State of California shall govern this Agreement. The parties agree that the exclusive venue of any court proceeding under this agreement shall be Tuolumne County, California.

EMPLOYEE AND EMPLOYER AGREE THAT BY ENTERING INTO THIS AGREEMENT, THEY KNOWINGLY AND VOLUNTARILY WAIVE THEIR RIGHTS TO A TRIAL BY A JUDGE OR JURY EXCEPT FOR CLAIMS ARISING UNDER FEHA OR THE CALIFORNIA LABOR CODE.

BOARD AGENDA REPORT

Date: December 15, 2022

Staff: Jeff Shields

SUBJECT: POWER PURCHASE AGREEMENT

RECOMMENDED ACTION: Discussion Item Only—No action to be taken.

BACKGROUND AND/OR HISTORY:

We are working with Z Global and SVP to finalize the PPA that will formally be effective on 1/1/2024. We have a conference call with officials from Santa Clara tomorrow (December 8th) to review draft language and resolve the few issues that remain open. Following that meeting, I will circulate contract language to the two district's attorneys for review. This process should be fairly easy as we are using the same form of agreement that we have operated under for the past ten years. I have invited Summer to join us in the Zoom meeting with Santa Clara on the 8th in order to get her familiar with the participants and the contract terms. It will take time for the Districts and Santa Clara to process the final agreement, but hopefully it will be ready for execution at the January Board meeting. I will have more information to help inform this discussion following our conversation with Santa Clara tomorrow.

Project Activities

- Tri-Dam, and all entities that have large volumes of oil and fuel facilities, must have a Spill Prevention Control and Countermeasure Plan (SPCC) approved by the County (Tuolumne in this case). We received the attached NOTICE TO COMPLY from Tuolumne County Environmental Health Division on November 29th giving us 30 days (from Nov.22) to respond showing the corrections or face *“formal enforcement and/or penalty assessment may follow.”* The date on the Inspection Report that prompted the Notice of Violation was 8/20/2016. The report cited ten specific areas that Tri-Dam was Out of Compliance at that time. The two areas that apparently led to the Notice were (a.) Steve Felte was listed with the County as the “Person designated for discharge prevention.” And, (b.), we are required to have a 5 Year Review which the County records show had not been done since 2012. It turns out that HDR did, in fact, update the SPCC in July 2020 but for whatever reason that engineer in charge of that review never signed the final (190 pg) document and it apparently never reached the County. We were able to recover an unsigned copy and get the Engineer to review and execute the document. All of the other compliance issues have been resolved as well and I will give the County my name as the responsible party through 1/3/2023 at which time Summer Nicotero will be the point of contact. Chris, Thom and Susan were very helpful in quickly pulling together the information needed to respond.
- I have received several very positive comments from the staff at Tri-Dam expressing their appreciation for the agency hosting the Employee Appreciation Holiday Dinner in Sonora. There were three Directors in attendance and Sharon Cisneros also attended. I appreciate the Boards and Sharon’s participation. Summer also noted how good it was to have the Boards and staff together. The event was a good opportunity to introduce Summer as the new GM and afford her husband to meet the people she will be working with next year and beyond. I want to thank Genna for making all the arrangements for this event.
- Summer Nicotero will become GM on January 3, 2023 and, while you will presumably extend my contract to January 14th, the January Tri-Dam Board meeting is on the 19th so I will not be in attendance. I wanted to tell the Board how much I enjoyed the time working for you and Tri-Dam. We were able to cover the bulk of issues that arose without much trouble but, of course, there is a lot of work to be done in order for Tri-Dam to be fully staffed. I will always be available to support Summer and Tri-Dam and your Districts going forward. But, hopefully, never again as Interim GM. Tri-Dam really is an incredible enterprise. We are all blessed to have this valuable resource available. I am very pleased to have played a small role in advancing the business through a tumultuous time. With a new GM and a PPA in place, 2023 and beyond looks to hold a lot of promise for SSJID and OID.

TRI-DAM PROJECT
2022 NOV 29 PM 2:46

November 22, 2022

Tri-Dam Project
P.O. Box 1158
Pinecrest, CA 95364

NOTICE TO COMPLY
Aboveground Petroleum Storage Act (APSA)

Dear Tri-Dam Project,

Re: Beardsley, Donnell's, Tulloch, Sand Bar, and Old Strawberry Power Houses

It has come to the attention of this Division that the abovementioned facility(s) has one or more outstanding APSA violations that have still not been addressed. A copy of the original inspection report with corresponding violation(s) is attached. Please respond back as to if the violations have been corrected and provide any applicable documentation that demonstrates a return to compliance. A follow up inspection may be required to confirm if the violation(s) have been remediated. **If a response is not received within 30 days, formal enforcement and/or penalty assessment may follow.**

Please feel free to contact this office at (209) 533-5692 with any questions or concerns regarding this matter.

Respectfully,

Nadine Martelli, Senior REHS
Tuolumne County Division of
Environmental Health, CUPA

Attachment: APSA Inspection Report

OPERATIONS AND MAINTENANCE MANAGER BOARD REPORT

Chris Tuggle

Dec 15, 2022

OPERATIONS:

Reservoir Data (A/F):

FACILITY	STORAGE	MONTH CHANGE
Donnells	40,397	(2,062)
Beardsley	75,637	5,136
Tulloch	54,823	(1,423)
New Melones	58,6034	2,365

Outages:

Plant	Dates	Duration	Cause
--------------	--------------	-----------------	--------------

Operations Report:

New Melones Inflows:

Total inflows for water year 22/23 as of November 30: 34,192 A/F.

District Usage:

Total District usage for the water year 22/23 as of November 30: 23,620 A/F.

Precipitation:

Total precipitation for the month of November was 3.83 inches.

Other Activities:

- Operations and Maintenance Manager and Lead Operator attended the 68th California Cooperative Snow Survey Meeting.
- Tulloch Tours
- Concrete Defect Mapping with UAV (Drone)
- PG&E Transmission Annual Update and Monthly Operations
- Budget Meetings

MAINTENANCE:

Donnell:

1. Equipment in service.

Beardsley:

1. Annual Maintenance

Sandbar:

1. Annual Maintenance

Tulloch:

1. Equipment in service.

Misc.:

- Beardsley Annual Maintenance
 - PRV Repair
 - Valve transported to Beardsley installed and mechanically tested.
 - Governor Upgrade
 - Programming
 - Governor system testing in progress.
 - Miscellaneous maintenance (filter, electrical inspections, trip test, etc.)
- Sandbar Annual Maintenance
 - Cooling water lines
 - Miscellaneous maintenance (filter, electrical inspections, trip test, etc.)
- Snow Plowing

REGULATORY AFFAIRS BOARD REPORT

Susan Larson

December 15, 2022

FERC Compliance

- Hells Half Acre Road. The road design plans for the section of the roadway that will be improved (from the emergency bypass section to the bottom of the slope to the curve), has been prepared by P&P. The plan was reviewed with the USFS at a Teams Meeting of November 28, 2022. Following this meeting, the USFS asked that it be reviewed by Tri-Dam's cultural resources consultant to ensure that there is no impact to the cultural resources zone. This was completed on December 1, 2022 and reviewed by USFS with no additional questions. Completion of the cultural resources mitigation project, as previously shared with the Board is expected in January 2023. USFS environmental staff advised that a Decision Memorandum will be prepared documenting the project, for signature by the Forest Supervisor. A report back from USFS on timing will be forthcoming. The plans will now be forwarded to the USFS for formal approval. The goal will be to have the project fully approved so that the project can be circulated for bid in early 2023, for construction in late spring/early summer 2023.
- Tulloch Spillway Road. P&P is actively working on the initial phase 1 design evaluation, and data gathering with additional data forwarded to P&P during the week of December 4th, 2022 following receipt of information from Counsel. Project remains on schedule and within budget.
- FERC Annual Cultural Resources Monitoring. Annual monitoring was completed, in accordance with contract provisions during October/November. The report prepared by PAR Environmental was sent to the USFS for review on November 28, 2022. Cultural resources monitoring at Tulloch was completed on November 30, 2022. All work in on time and within budget.
- Coordination of license requirements for all licenses for inspection provisions within the D2SI (San Francisco Regional Office), and DHAC (Washington DC), to ensure proper coordination of pending requirements for gate inspections, shoreline erosion and other dam safety follow up, including Part 12 D follow up. An extension for filing of the final Part 12D reports was requested from FERC to allow until March 30, 2023.
- FERC conference calls on dam safety matters, and multiple filings relative to Part 12 D matters, along with spillway and seismic safety issues of question by FERC. Additional filings will be made prior to December 31, 2022, including Safety Certificates and Dam Safety follow up items.
- Tulloch Day Use Site. CCWD has affirmed the permanent water connection, thus KWE is working to wrap up remaining site items by the end of December 2022, weather permitting. The site is largely complete, with minor work to be done on the shoreline retaining wall grouting and obtaining final inspection approvals from the County Public Works, Building Department and Planning Departments. The Notice Inviting Bids (NIBs) for landscaping and janitorial services was circulated with bids due on December 14, 2022.

Permit and Other Assignments

Work on permits, site reviews and compliance questions for various properties at Tulloch. Respond to daily inquiries from the public. Permits, inspections and file documentation.

- Tulloch compliance matters, as required.
- Working on pending litigation matters, as required.
- Working to wrap up the last set of open escrows at Tulloch, for transfers started many years ago.

WESTERN PRICE SURVEY

[7] Energy Prices Soar Thanks to Natural Gas Constraints, Colder Weather

A combination of mechanical and weather-related constraints across key Western natural gas infrastructure sent regional energy prices soaring.

Most Western natural gas prices gained \$8 or more, while most regional power prices climbed by \$135 or more in pre-Thanksgiving to Dec. 1 trading.

“Several factors contributed to the rapid [natural gas] price increases this report week, including colder temperatures in western Canada that led to a 0.2 billion cubic feet per day (Bcf/d) decrease in exports to the Western region this report week,” the U.S. Energy Information Administration said. Its report week spans Wednesday to Wednesday.

Western natural gas demand rose 2 percent, or 0.1 Bcf/d, between Nov. 23 and Nov. 30.

“California prices rose as a result of higher prices across the West, and they have also been affected by pipeline constraints on westbound flows from the Permian Basin,” the EIA said (see story at [11]). El Paso Natural Gas Co. conducted planned maintenance at Waha between Nov. 28 and Dec. 2, reducing westbound flows by as much as 138 Mcf per day.

Natural gas prices across the western U.S. generally posted a significant jump in the holiday-punctuated Nov. 22 to Dec. 1 trading period. Hubs rose by as much as \$8.75 in trading, led by SoCal Border, which ended at \$18.60/MMBtu. Six hubs added \$8 or more in trading. PG&E CityGate had the highest price at \$19.12/MMBtu. Four hubs ended trading above the \$18 mark.

Alberta gas shed 7 cents to \$6.30/MMBtu, while El Paso-Permian Basin gas dropped 11 cents to \$4.97/MMBtu, which was the lowest regional price. Henry Hub natural gas values added 4 cents to reach \$6.22/MMBtu.

The addition of lower temperatures sent Western power prices—both peak and off-peak values—rocketing up in Nov. 23 to Dec. 1 trading. California-Oregon Border daytime power gained the most, up \$108.50 to \$191/MWh, which was also the highest price among Western hubs.

Regional nighttime power values surged by as much as \$75.50. Again, COB off-peak power posted the greatest gains and highest regional price after ending at \$156/MWh.

California Independent System Operator grid demand increased by 1,220 MW compared with the previous week. It posted a high of 27,959 MW Nov. 21 and rose to 29,179 MW by Dec. 1. The high for the calendar week is forecast to occur Dec. 2, when use is expected to reach 29,408 MW.

In November, the average high peak price at Henry Hub was \$6.26/MMBtu, 56 cents more than in 2021 (see “Price Trends,” next page). Western natural gas hub prices jumped by \$8 to \$9 year over year, led by PG&E CityGate gas, which added \$9.09 to reach \$15.91/MMBtu.

Average Western peak power prices for November also posted year-over-year gains. COB added the most year over year, up \$90.50 to \$165/MWh. —Linda Dailey Paulson

Re: November 2022 Invoices

Dear Mr. Shields:

Enclosed are invoices for consulting services provided by FISHBIO during November. Services provided for each project are summarized below.

Lifecycle Monitoring

During November we developed a report of findings from the summer *O. mykiss* census and downloaded data from hourly recording thermographs maintained throughout the lower Stanislaus River.

Publications

During November we made revisions to the diets manuscript to address comments received from peer reviewers. Work also focused on modeling black bass abundance and survival for publications in development.

Non-Native Investigation/ Predator Study

During November efforts focused on renewing permits, entering results of genetic analysis of stomach samples, and querying video review data for summary and analysis.

Consulting

Additional information was provided regarding potential sites and quantities of habitat that could be created or restored for VA discussions.

Budget Summary

2022	<i>Life-cycle Monitoring</i>	<i>Publications</i>	<i>Consulting</i>	<i>Non-natives</i>	TOTAL

Sincerely,

Andrea Fuller

SJB November Field Report

Fall-run Adult Migration Monitoring

A total of 1,546 Chinook salmon and zero *O. mykiss* were observed in the Stanislaus River from November 1 to November 30, increasing the season total to 2,715 Chinook salmon (Figure 1) and one *O. mykiss*. Thus far, total Chinook passage observed this season was almost 50% less than that observed through November 2021 but similar to 2019. Chinook passage at the weir to date ranks 8th lowest since sampling began in 2003 (excluding 2011 when sampling started in mid-November due to high flows). Over the past decade, following the implementation of the constant fractional marking (CFP) program (fin clipping ~25% of hatchery production), the number of fin clipped salmon observed in the Stanislaus River have been roughly 23% or higher indicating that most, if not all, of the salmon migrating into the Stanislaus River are of hatchery origin. The same trend was observed in 2022 as 23% of the fish passing the Stanislaus River weir were fin clipped.

Trapping in the upstream livebox was conducted at the Stanislaus River weir during November (two days on, one day off schedule) to validate Vaki data, determine length/depth ratios for the species sampled, and to collect biological data (e.g., scales, fin clips, otoliths) from salmonids. A total of 217 Chinook salmon and zero *O. mykiss* were captured during the month. Trapping will continue through April targeting *O. mykiss*.

A total of 276 Chinook salmon were observed in the Tuolumne River, increasing the season total to 507 (Figure 2). Total passage to date is slightly higher than 2021(453 passages) and ranks 4th lowest since weir monitoring began in 2009. To date, 24% of the Chinook passing the Tuolumne River weir have clipped adipose fins indicating most of the fish migrating into the Tuolumne River this year are of hatchery origin.

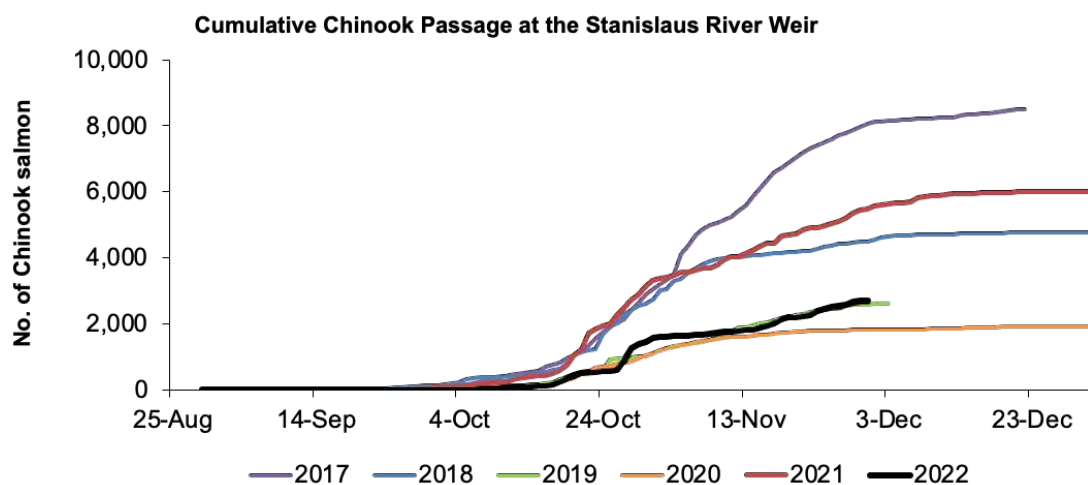

Figure 1. Cumulative Chinook salmon passage at the Stanislaus River weir, 2017-2022.

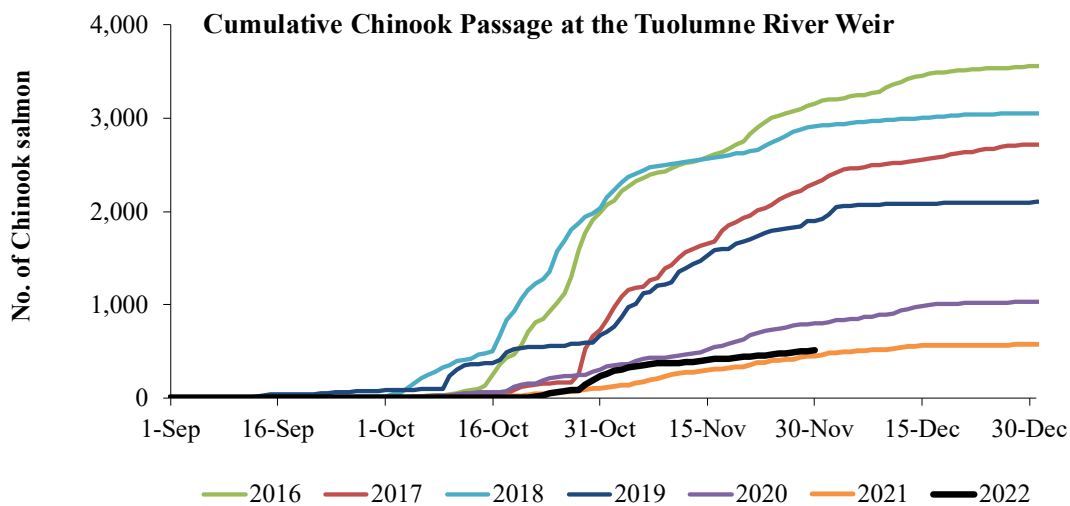

Figure 2. Cumulative Chinook salmon passage at the Tuolumne River weir, 2016-2022.

Escapement to the Mokelumne River was low for the third straight year, although 19% higher than the previous year and 42% higher than 2020. A total of 3,336 Chinook salmon were observed migrating past the Woodbridge Dam during the month of November, increasing the season total to 5,452 (Figure 3). Passage to date ranks it the third lowest observed in the last six years (average 9,975). During 2017, a record of almost 20,000 Chinook migrated into the Mokelumne River.

Figure 3. Cumulative Chinook salmon passage at the Mokelumne River fish ladder, 2016-2022.

Chinook redd surveys were conducted bi-weekly on the Tuolumne River in November. The number of redds observed has been relatively low, as expected based on the number of salmon passages observed at the weir thus far. Overall, redd activity increased (peaked) the last week of the month. Bi-weekly surveys will be conducted through December and through the spring to document *O. mykiss* spawning activity.

Two redd surveys have been conducted on the Calaveras River in November and zero redds were observed. Bi-weekly surveys will be conducted through December and through the spring to document *O. mykiss* spawning activity.

Juvenile Outmigration Monitoring

Calaveras River rotary screw trap (RST) began sampling on October 31 and sampled a total of 18 days during the month. Zero YOY (<100 mm) and 28 Age 1+ (100-299 mm) *O. mykiss* have been captured so far this season (Figure 4). Twenty-six *O. mykiss* were implanted with a Passive Integrated Transponder (PIT) tag to potentially track their movement in the Calaveras River and other water bodies. Six PIT tagged fish were recaptured in the RST after tagging. A Chinook salmon yearling (174 mm FL) was captured on November 2.

Figure 4. Daily *O. mykiss* catch at the Shelton Rd. RST and Calaveras River flow during 2022-23.

TRI-DAM

POWER

AUTHORITY

**REGULAR BOARD MEETING
AGENDA
TRI-DAM POWER AUTHORITY
of THE OAKDALE IRRIGATION DISTRICT and
THE SOUTH SAN JOAQUIN IRRIGATION DISTRICT
DECEMBER 15, 2022**

Start time is immediately following the Tri-Dam Project meeting
which begins at 9:00 AM

**South San Joaquin Irrigation District
11011 Highway 120
Manteca, CA 95366**

*** SEE BELOW FOR INSTRUCTIONS REGARDING PUBLIC
COMMENT AND PARTICIPATION**

NOTICE: Coronavirus (COVID-19)

A COMPLETE COPY OF THE AGENDA PACKET WILL BE AVAILABLE ON THE OAKDALE IRRIGATION DISTRICT WEB SITE (www.oakdaleirrigation.com) ON MONDAY, DECEMBER 12, 2022 AT 9:00 A.M. ALL WRITINGS THAT ARE PUBLIC RECORDS AND RELATE TO AN AGENDA ITEM WHICH ARE DISTRIBUTED TO A MAJORITY OF THE BOARD OF DIRECTORS LESS THAN 72 HOURS PRIOR TO THE MEETING NOTICED ABOVE WILL BE MADE AVAILABLE ON THE OAKDALE IRRIGATION DISTRICT WEB SITE (www.oakdaleirrigation.com).

**INFORMATION FOR MEETING DURING CONTINUED PROCLAIMED STATE
OF EMERGENCY**

(Effective 3/27/2020 – until further notice):

Pursuant to California Governor Gavin Newsom's Executive Order N-29-20, a local legislative body is authorized to hold public meetings via teleconferencing and to make public meetings accessible telephonically or otherwise electronically to all members of the public who wish to participate and to provide public comment to the local legislative body during the current health emergency. The Tri-Dam Project and Tri-Dam Power Authority Board of Directors (Tri-Dam Directors) will adhere to and implement the provisions of the Governor's Executive Order related to the Brown Act and the utilization of technology to facilitate participation.

*The location of the Tri-Dam meeting will be at the office of the South San Joaquin Irrigation District, 11011 Highway 120, Manteca. This facility is open to the public for meeting attendance, but seating is limited to maintain social distancing.

Members of the public who wish to participate, listen to, and provide comment on agenda items remotely can do so by clicking

<https://ssjid.zoom.us/j/98120276218?pwd=ZzZ0dkxhMGN4TFd2d2poZGhJemVvdz09> or by calling (669) 900-9128, then entering Meeting ID: 981-2027-6218, password 700546. All speakers commenting on Agenda Items are limited to five (5) minutes.

Members of the public may also submit public comments in advance by e-mailing dbarney@ssjid.com by 4:30 p.m., Wednesday, December 14, 2022.

In addition to the conditions set forth above, the Tri-Dam Directors will use sound discretion and make reasonable efforts to adhere as closely as reasonably possible to the provisions of the Brown Act, and other applicable local laws regulating the conduct of public meetings.

In compliance with the Americans with Disabilities Act, a person requiring an accommodation, auxiliary aid, or service to participate in this meeting should contact the Executive Assistant at (209) 249-4623, as far in advance as possible but no later than 24 hours before the scheduled event. Best efforts will be made to fulfill the request.

CALL TO ORDER

ROLL CALL: John Holbrook, Dave Kamper, David Roos, Glenn Spyksma, Mike Weststeyn Brad DeBoer, Herman Doornenbal, Tom Orvis, Linda Santos, Ed Tobias

PUBLIC COMMENT

CONSENT CALENDAR

ITEMS 1 – 3

Matters listed under the consent calendar are considered routine and will be acted upon under one motion. There will be no discussion of these items unless a request is made to the Board President by a Director or member of the public. Those items will be considered at the end of the consent items.

1. Approve the regular board meeting minutes of November 17, 2022.
2. Approve the November statement of obligations.
3. Approve the Financial Statements for the ten months ending October 31, 2022.

ACTION CALENDAR

ITEM 4

4. Review and possible action to approve and adopt the 2023 Budget.

DISCUSSION

ITEM 5

5. Review Sandbar annual maintenance.

ADJOURNMENT

ITEMS 6 - 7

6. Commissioner Comments.
7. Adjourn to the next regularly scheduled meeting.

BOARD AGENDA REPORT

Date: 12/15/2022
Staff: Genna Modrell

**TRI-DAM POWER AUTHORITY
MINUTES OF THE JOINT BOARD
OF COMMISSIONERS REGULAR MEETING**

November 17, 2022
Oakdale, California

The Commissioners of the Tri-Dam Power Authority met at the office of the Oakdale Irrigation District in Oakdale, California, on the above date for the purpose of conducting business of the Tri-Dam Power Authority, pursuant to the resolution adopted by each of the respective Districts on October 14, 1984.

President Doornenbal called the meeting to order at 11:18 a.m.

OID COMMISSIONERS

SSJID COMMISSIONERS

COMMISSIONERS PRESENT:

ED TOBIAS
LINDA SANTOS
TOM ORVIS
HERMAN DOORNENBAL

BOB HOLMES
MIKE WESTSTEYN
GLENN SPYKSMA
DAVE KAMPER

Also, Present:

Jeff Shields, Interim General Manager; Scot A. Moody, General Manager, Oakdale Irrigation District; Peter Rietkerk, General Manager, South San Joaquin Irrigation District; Sharon Cisneros, Chief Financial Officer, Oakdale Irrigation District; Susan Larson, License Compliance Coordinator, Tri-Dam Project; Genna Modrell, Finance Asst., Tri-Dam Project; Chris Tuggle, Operations and Maintenance Manager, Tri-Dam Project; Tim O'Laughlin, Counsel, via zoom.

PUBLIC COMMENT

No public comment.

CONSENT CALENDAR

- ITEM #1 Approve the regular board meeting minutes of October 20, 2022.**
- ITEM #2 Approve the October statement of obligations.**
- ITEM #3 Approve the Financial Statements for the nine months ending September 30, 2022.**

Commissioner Santos moved to approve items one through three on the consent calendar. Commissioner Spyksma seconded the motion.

The motion passed by the following roll call vote:

AYES: Doornenbal, Orvis, Santos, Tobias, Holmes, Kamper, Spyksma, Weststeyn

NOES: None

ABSTAINING: None

ABSENT: DeBoer, Holbrook

DISCUSSION

- ITEM #4 Discussion of the 2023 Draft Budget – to be presented at the meeting.**

No discussion.

COMMUNICATIONS

ITEM #5 Commissioner Comments

None.

ADJOURNMENT

President Doornenbal adjourned the meeting at 11:19 a.m.

The next Board of Commissioners meeting is scheduled for December 15, 2022, at the offices of South San Joaquin Irrigation District beginning at 9:00 a.m.

ATTEST:

Jeff Shields, Interim Secretary

BOARD AGENDA REPORT

Date: 12/15/2022
Staff: Sharon Cisneros

SUBJECT: Tri-Dam Power Authority Financial Statements for the Ten Months ending October 31, 2022

RECOMMENDED ACTION: Approve the Financial Statements for the Ten Months ending October 31, 2022

BACKGROUND AND/OR HISTORY:

As of the financial statement date of October 31, 2022, the Tri-Dam Power Authority (TDPA) cash increased by \$4.8M over the prior year primarily due to an increase in power sales of \$3.6M compared to the prior year. Reserve funds in investments total just under \$1.1M.

TDP has realized 105.7% of its annual budgeted operating revenues for 2022, and only utilized 63.6% of its budgeted operating expenses. With the maintenance scheduled in November and December, staff anticipates that expenses will increase in relation to the annual budget.

Further details are available in the attachments.

BOARD AGENDA REPORT

Date: December 15, 2022

Staff: Sharon Cisneros

SUBJECT: REVIEW AND TAKE POSSIBLE ACTION TO APPROVE AND ADOPT THE 2023 BUDGET FOR THE TRI-DAM POWER AUTHORITY

RECOMMENDED ACTION: Approve Adoption of the Proposed 2023 Budget for the Tri-Dam Power Authority

BACKGROUND AND/OR HISTORY:

Planning, budgeting, and forecasting are all part of a three-step process for determining and detailing an organization's long-term and short-term financial goals. A budget is an estimate of revenues and expenses for a set period of time which forecasts future financial conditions and goals for an organization. The budget serves as a plan of action for achieving quantified objectives and a standard of measuring performance. Budget development is a year-long process. Once adopted, staff tracks expenses on a real-time basis and compare those actual expenses to the budget over the course of the year.

Due to the absence of a permanent General Manager or Finance Manager at the Tri-Dam entities, the Interim General Manager and the Interim Finance Manager have created a budget with revenue that is relatively flat with the prior year budget and expenses are sufficient to cover annual MOU increases and other anticipated expenses.

The operations and maintenance expenses were reviewed and prior year budgeted items that should have been included in capital expense have been appropriately budgeted in capital. This results in a reduction in operating expenses when compared to the prior year.

The capital budget has increased by \$569,000 primarily due to anticipate pricing increases in the pole replacement project that was started in 2022, but continues into 2023. Similar to the operating budget, the capital budget presents placeholders for projects that staff currently views as a priority. When new management staff are in place and goals for the entity are discussed, management may need to bring budget amendments back to the Board to meet the entity goals.

Tri-Dam Power Authority
Operations and Maintenance Report
Chris Tuggle
December 15, 2022

OPERATIONS:

- Annual Maintenance lock-out tag-outs.
 - Generator and Switchyard clearance.
 - Dewater for wicket gate for clearance measurements.
 - Cooling water system.
- Replaced filters in various locations.
- Cleared the lock-out tag-outs and restored the plant to normal operating condition.

MAINTENANCE:

- Technicians:
 - Performed the trip checks for the generator and switchyard equipment.
- Mechanics:
 - Replaced corroded sections of the cooling water system piping.
 - Replaced corroded sections of the TSV Open piping.
 - Measured and recorded wicket gate clearances.
 - Replaced the Turbine bearing oil due to a bad oil sample
 - Pressure tested the turbine bearing tub cooling water line to verify that the water in the oil was not coming from the cooling coil.

Operations and maintenance task were completed and the plant restore to full operation at 15.8mW on December 5. We will continue to keep the unit at full load until early part of March.
